

How the Affiliate Registration and Login Works

1) Once the plugin is installed it will automatically create two pages -

a) Store Affiliate - A welcome page which allows a user to sign up for an affiliate account or login to their dashboard.

b) Register - A page containing the affiliate registration form.

Store Affiliates

This is the affiliates section of this store. If you are an existing affiliate, please [log in](#) to access your control panel.

If you are not an affiliate, but wish to become one, you will need to apply. To apply, you must be a registered user on this blog. If you have an existing account on this blog, please [log in](#). If not, please [register](#).

2) When a user clicks the "register" link it will take them to the registration page

3) When the application is submitted the plugin will notify the admin of the new affiliate sign up via email. The admin can then view the application (from WordPress admin dashboard) and choose to approve/decline it. Once the admin approves it the affiliate will receive the account approval email. A WordPress user account will automatically be created for the user. They can use it to login to the site.

4) Once the affiliate is logged into the site they need to accept the "terms and conditions" on the "Store Affiliates" page to get started.
